Your Connection to a Powerful Audience

SUCCESS is the only magazine that focuses on people who take full responsibility for their own development and income. Our readers embrace the responsibility for their own long-term success and happiness, and their need to be proactive in finding the resources, tools and training to help achieve their goals.

A man with a beard, wearing a dark t-shirt and jeans, is sitting in an airplane cabin. He is looking down at a magazine or tablet he is holding in his hands. The cabin interior, including the window and seat, is visible. The lighting is soft, coming from the window.

Advertising with SUCCESS is an opportunity to:

1. Align with a brand readers love and trust
2. Appeal to a highly educated audience that has already reached financial maturity
3. Connect with a targeted demographic of established entrepreneurs and startup founders
4. Establish a partnership with a media brand that reaches more than 7 million people digitally each month
5. Take advantage of some of the most competitive advertising rates in the magazine industry

Prospective advertisers are wise to approach marketing partnerships with media brands across multiple platforms, capturing the attention of different audience segments in a best-of-all-worlds tactic.

Studies show that audiences trust print more than any other medium. Alignment with longstanding print titles creates a sense of prestige for your company or product. The nature of the medium allows for a great deal of creativity in the advertisement's design as compared to digital ads, and better ensures the highest levels of customer engagement. Print advertising also leads to digital connection: Research shows that consumers are most likely to start a new online search after viewing a magazine ad.

For access to a younger, more diverse and largely female audience of entrepreneurs and growing professionals, marketers may consider placement on SUCCESS.com, which attracts north of 2 million unique visitors each month, or via our social channels, with more than 4.4 million cumulative followers. A bundling approach, advertising via print and digital platforms alike, ensures connection to the maximum number or potential buyers across all age groups and demographics.
